

Microencapsulation from Maxx Performance...

Increasing the functionality of raw ingredients.

NEW INGREDIENTS

Today's consumer is demanding more and more functionality from the products they consume, whether it's a food, a supplement, an OTC formulation or a beverage. These functionalities are often difficult to achieve using traditional manufacturing methods, which is where Maxx Performance excels.

NEW TECHNOLOGIES

Maxx Performance is a manufacturer of optimized functional ingredients. When traditional ingredients and technologies fail to meet the functionality and processing demands required by today's consumer trends, Maxx Performance delivers high quality microencapsulation solutions.

NEW SOLUTIONS

Utilizing proprietary new microencapsulation technology, Maxx Performance provides a wide range of ingredients and high-tech delivery systems for use in a variety of food, nutritional dietary supplement and fortification applications.

LET MAXX PERFORMANCE HELP WITH:

- Versatile and customized delivery systems
- Taste masking
- Odor control
- Shelf-stable blends
- Freedom from ingredient interactions
- Overcoming hygroscopicity/preventing moisture pickup
- Free-flowing ingredients

Maxx Performance can help deliver cutting edge controlled release delivery systems for your products. Give us a call for more information at **845.987.9432** or visit us online at **www.maxxperform.com**.
